## Package Details:-

### Package Code PSI 00A:- Focused Equity Conviction – Single Stock Insight

**Subscription Fee:-** ₹15,000 + 18% GST ( One Time )

#### Service Description

Focused Equity Conviction – Single Stock Insight is a one-time equity research service designed to identify and present one high-conviction listed Indian equity for a long-term investment horizon of 2 years or more.

The stock selection is based on in-depth fundamental research, including an evaluation of the company's business model, industry positioning, financial performance, growth sustainability, capital efficiency, balance sheet strength, cash flow quality, valuation rationale, and key risk factors.

This service is intended for investors who prefer a focused, disciplined, and conviction-driven investment approach, rather than holding a large number of stocks.

#### Scope of Coverage

- The research note includes:
- Business overview and competitive positioning
- Historical financial performance and growth trends
- Profitability and return ratios analysis
- Balance sheet and debt assessment
- Cash flow analysis
- Valuation perspective and investment rationale
- Key risks and monitoring factors
- Suggested investment horizon: 2–4 years

#### Service Delivery

- One-time written research note / recommendation
- Delivered digitally via email or document format
- This service does not include intraday calls, trading signals, continuous updates, or portfolio management

#### Important Disclosures

- This service does not provide any guarantee or assurance of returns
- Equity investments are subject to market risks
- Investors should consider their financial situation and risk tolerance before making investment decisions
- This is a research-based advisory service, not a discretionary or continuous advisory service

#### Investor Suitability

Investors are advised to participate in this service only if it is suitable to their financial situation, investment objectives, and risk tolerance.

## Package Code PSI 00B:- Short-Term Equity Research Signals

**Subscription Fee:** ₹10,000 + 18% GST per month / ₹27,000 +18% GST for three months.

### Service Description

Short-Term Equity Research Signals (15 trading Day Horizon) is a monthly / Three months subscription-based equity research service designed to provide research-backed stock ideas suitable for short-term investment holding periods of up to 15 trading days.

The service focuses on identifying listed Indian equities with favorable short-term price momentum, volume confirmation, and fundamental support, while maintaining defined risk parameters. Each stock idea is shared with a clearly stated expected holding period, along with rationale based on technical and quantitative indicators.

This service is intended for investors who seek short-duration opportunities while following a disciplined, rule-based approach.
